

Balloons in Competition

NINE BALLOONS ARE RACING FOR HONORS

Start Is Made at St. Louis and Wind Drifts Balloons Northwest.

ENGLAND, GERMANY AND AMERICA ARE REPRESENTED

Pilots of Each Balloon Expect to Break World's Record for Distance.

ST. LOUIS, Oct. 21.—Drifting along in a direction just west of north when lost to view in the haze of the falling night, and with a freshening southeast breeze behind them, nine big balloons are competing tonight for the honor of being the first to cross the Atlantic ocean. The balloons, which were launched at St. Louis, Mo., at 10 o'clock last night, are now drifting northwestward, and it is expected that they will reach the English coast tomorrow morning. The balloons are of various colors and designs, and are being piloted by men of various nationalities. The race is being watched with great interest by the public, and many people are expected to see the balloons as they pass over the city.

Balloons Representing Countries.
In the big race there are three balloons representing America, two representing Germany, two for France and one for England. The basket of each balloon contains two occupants, the pilot and his aide. With a prospect of the breeze holding to the southeast and south, many predictions were made tonight that the balloons would reach the English coast tomorrow morning. The balloons are being watched with great interest by the public, and many people are expected to see the balloons as they pass over the city.

Record-Breaking Crowd.
The start of the race was spectacular in the extreme and was witnessed by a throng gathered in Forest park variously estimated at from 60,000 to 150,000 persons. For four hours before the starting hour, gas was pumped simultaneously into each bag from a skeleton of specially constructed pipes leading from a gas tank in which was stored 3,200,000 cubic feet of the lightest coal gas that, according to the forecasts, has ever been manufactured.

Official Starts.
The official order of start was as follows:
4:00 p. m.—German balloon Pommer, 77,000 cubic feet capacity; Oscar Erbloehe, pilot; Professor Clayton, aide.
4:05 p. m.—American balloon United States, 72,500 cubic feet; Major H. B. Hersey, pilot; A. T. Atherton, aide.
4:10 p. m.—French balloon Anjou, 75,000 cubic feet; Rene Gasnier, pilot; Charles Leveque, aide.
4:15 p. m.—German balloon Abercorn, 66,000 cubic feet; Paul Meckel, pilot; Rudolph Benig, aide.

CONVILLE'S HAND BROKEN; PALM LEAVES TEAM

A. F. Palm, right guard on the university football team, has quit playing football this year. M. M. Palm, telegraph operator and until recently he was president of the local union, but because of his school work he asked to be released from this position. His determination to cut out football is also due to the same cause. Palm will be missed on the varsity line because of his size and experience, being one of the surest and coolest players.

LEWIS SCHOOL MAKES RECORD ON GRIDIRON

Special to The Tribune.
OGDEN, Oct. 21.—Among the amateur football teams of Ogden, the Lewis school is rapidly gaining to the head of the class. On last Friday they defeated the Grant school with a score of 6 to 0. Today they played the Madison and won from them with a score of 12 to 0. The boys are enthusiastic over Principal Winkie, who gives them all chances for practice and who is a good coach himself.

BUTTE WISHES TO RUN MEET FOR SALT LAKE

Several of the Butte dog owners have not been satisfied with the shipping of James Nove, of Denver, at the coursing meet at the Fair grounds, and in consequence voted in Ed Wolcott for the future. The latter made a miserable failure of his pretended ability Monday afternoon on the grounds and very seldom got the two dogs off together, but it always happened that the dog from Butte was on his feet at the time of the slip. This crowd also wished to get rid of Judge John Reese, who is from Anconada. Reese is a competent judge and politely declined to leave the Butte dog show, but he did not expect to win. Butte is anxious to win the future, but with the many other good dogs entered there is a good possibility of losing out. James Nove will do the slipping after the future is run, as he is favored by the local and a majority of the outside sportsmen.

Is Champion Afraid?
Freddie Weeks has deposited a thousand dollars that he is willing to meet Abe Attell, but the latter must cut out all side stepping and wares upon weight before Wednesday or Weeks will declare all further negotiations off. From present appearances it seems as if Attell is afraid of Weeks, who is trying to crawl out of his match. Weeks has several other propositions which he will take up after Wednesday.

In this age of the world many people who write plays or stories or lyrics for the stage make up a melody by selecting handsome girls, pretty dancers, beautiful costumes, gorgeous stage settings, and then with electric light effects and a good comedian, launch it as a glittering musical comedy or a musical oddity. The Royal Chef, which is now on the stage at the Salt Lake Theatre, is a good example of this kind of thing. It is a musical comedy, and it is a very good one. It is a very good example of the kind of thing that is now on the stage at the Salt Lake Theatre.

MIDY EXAMINATION IS DECLARED OFF
An examination was to have been held in the office of A. C. Nelson, Superintendent of Public Instruction, for an appointment to a cadetship at the United States Naval academy, Monday, but the two applicants could not qualify.

One of the applicants was to pass the physical examination, and the other was not eligible because he already had an alternate appointment to Annapolis from another State.

were the real headlines on the bill, and scored very heavily with their original skit entitled "Finding a Partner." Some very fine negro songs were heard and original rag time played. Altogether they are very good entertainers and they were very well received. Joseph Hart's "Cricket" is a pretty little oddity, and was well played by a company of ten. Katherine Bunn, the soprano, has a good voice, but she unfortunately suffered from a severe cold last evening. Some odd electrical effects were shown in "Cricket," and the songs are all good. Charley Kent, a baritone, was used to fill in. He did well and showed that he had a voice and knew how to use it. He rendered some pretty selections and was well received. Matinee will be given daily, with performances every evening, for the balance of the week.

"Why Girls Leave Home" had another packed house last evening at the Grand. Both company and play are better than the usual run of popular-price attractions. The same bill runs throughout this entire week, with bargain matinee tomorrow (Wednesday) afternoon.

Nothing but praise is being bestowed upon the latest New York success, "The Sunny Side of Broadway," an American musical comedy, with many unique and original features. The two Happy Boys, Murray and Mack, are the principal factors in the fun making, and are ably assisted by an extraordinarily strong singing company numbering forty persons. "The Sunny Side of Broadway" will be offered to local theater-goers for four performances at the Grand theater, commencing next Sunday, October 27.

That most charming of plays, "Salomy Jane," a four-act play, based upon incidents in Bret Hart's California life, "Salomy Jane's Kiss," comes to the Salt Lake Theater Monday evening for four performances, including a Wednesday matinee.

Louis James opens his engagement at the Salt Lake Theatre on Thursday evening in "The Merry Wives of Windsor." Friday and Saturday evenings he will present "The Comedy of Errors," and at the Saturday matinee "The Merchant of Venice."

Much of the popularity attained by "The Merry Wives of Windsor," Paul Armstrong's dramatic drama of the West, produced by the Kirkle La Shelle company, is due to the unflinching note of good nature, which pervades the play, and to the loyalty and warm-hearted sincerity of the men of the West shown their comrades in need of friendship does not fail to arouse its most of interest as does the sweet story of true love which winds through the four acts of the drama—in the play is one that appeals to any and all audiences, and will surely receive a cordial welcome on its approaching visit here.
